Aviation Administration Minor

Dr. Jeanne Radigan  
Acting Chair  
Aviation Dept.  
Jeanne.Radigan@farmingdale.edu  
631-420-2308  
School of Engineering Technology

This minor is intended for students that wish to incorporate a study of Aviation Administration into their academic background. The recommended list of courses provides a broad overview of the air transportation industry, the airport and airway infrastructure and Federal Government oversight of this dynamic career field.

About Academic Minors

Farmingdale State College students are invited to enhance their studies with an "Academic Minor." A minor is a cluster of thematically related courses drawn from one or more departments. In addition to department based minors (e.g. computer programming & info systems), interdisciplinary minors are also available (e.g. legal studies).

Academic minors are approved by the College-Wide Curriculum Committee and the Provost. Students must make application for an academic minor through the department offering the minor in conjunction with the Registrar's Office. Specific course work must be determined in consultation with a faculty member in the department offering the minor. A statement of successful completion of the academic minor will appear on the student's transcript at the time of graduation.

• A minor is considered to be an optional supplement to a student's major program of study.
• Completion of a minor is not a graduation requirement and is subject to the availability of the courses selected. However, if the requirements for a minor are not completed prior to certification of graduation in the major, it will be assumed that the minor has been dropped. Consequently, the student will only be certified for graduation in their primary major.
• Only students in 4 year baccalaureate programs can apply for a minor.
• A minor should consist of 15 to 21 credits, with the exception of the Chemistry and Air Force ROTC minors which require 22 credits.
• At least 12 credits must be in courses at the 200 level or higher.
• At least 9 credits must be residency credits.
• Specific requirements for each minor are determined by the department granting the minor. Each minor and criteria are described in the Academic Minors Information Guide.
• Students must maintain a minimum cumulative GPA of at least 2.0 in their minor. Some minors may require a higher GPA.
• Students are prohibited from declaring a minor in the same discipline as their major (e.g. one cannot combine an applied math minor with an applied math major). Academic minors may not apply to all curricula.
• Students are permitted to double-count minor courses with liberal arts courses, general education courses and free electives but can only double-count up to 6 credits of required major coursework toward the minor.
• Students are only permitted to take more than one minor with appropriate written approval of their Department Chair or School Dean.

Fall 2017- Subject to Revision
Required:

- AVN 101 Aviation Industry: A History Perspective 3
- AVN 270 Intro to Airports Management 3
- AVN 300W Gov’t in Aviation 3
- Aviation Electives (200 level or above) 6

Course Descriptions

**AVN 101 Aviation Industry: A History Perspective**
This course is a basic survey of the aviation industry viewed from a historical perspective. Topics covered will range from the early days of aviation to the present. The course will also examine the chronology of aviation laws and regulations and how they have changed from aviation beginnings in the United States to present day. At the conclusion of this course, the student will have a comprehensive knowledge of the U.S. air transportation industry and will understand its significant social/economic impact upon the nation and the world. Credits: 3

**AVN 270 Intro to Airports Management**
An introductory course, which provides foundational information and strategic concepts about the air transport/airport system. Topics include: Overview of Air Transport/ Airport system, Department of Transportation/Federal Aviation Administration, Intro to Airports/Management, Organizational Development, Management Roles and Theories, Motivational and Communications Principles/Processes. Prerequisite(s): AVN 101 with a grade of C or higher Credits: 3

**AVN 300W Gov’t in Aviation**
This course expands and focuses on many of the regulatory subjects in AVN101 (Aviation History). It is a study of the constitutional, legislative, executive and judicial control of aviation from the local, state, federal and international perspective. This course forms the foundation for AVN400 Aviation law. This is a writing-intensive course. Junior or Senior standing required. Note: Students cannot get credit for AVN 300 and 300W. Note: Offered at the discretion of the Aviation Administration Department. Prerequisite(s): (AVN 101 with a grade of C or higher or CRJ 100) and EGL 101 with a grade of C or higher Credits: 3

Admission to Farmingdale State College - State University of New York is based on the qualifications of the applicant without regard to age, sex, marital or military status, race, color, creed, religion, national origin, disability or sexual orientation.
