INTRODUCTION
The College is making available a plan of blanket accident and sickness insurance (hereinafter called “plan” or “Plan”) underwritten by Nationwide Life Insurance Company and administered by Student Assurance Services, Inc. This brochure provides a general summary of the insurance coverage; the Schedule of Benefits is not all inclusive of eligible benefits payable under this plan. Keep this brochure as no individual policy will be issued. This summary is not a contract; however, the Master Policy will be available for review on Student Assurance Services website www.sas-mn.com. The Master Policy contains the contract provisions and shall prevail in the event of any conflict between this brochure and the Master Policy.

The insurance plan provides continuous protection, 24 hours a day, anywhere in the world during the period of coverage for which the proper premium has been paid. Coverage is not automatically renewed. Students must re-enroll when coverage terminates to maintain continuous coverage.

SUMMARY OF PLAN BENEFITS
• The policy maximum benefit is $500,000 for all covered injury and sickness.
• Benefits are subject to a deductible, in-network $50 per person or out-of-network $300 per person, for each covered injury or sickness.
• To maximize savings and reduce out-of-pocket expenses, select a PHCS by Multiplan, Inc. in-network provider. These providers have agreed to provide services at discounted rates.
• An intercollegiate sports injury benefit is payable up to maximum $5,000, after a $50 deductible, for each covered sports injury.

STUDENT ELIGIBILITY

All registered students are eligible to enroll in the accident and sickness insurance plan.

Full-time and part-time commuter students and dependents may enroll for annual coverage no later than the enrollment period deadline date 09-13-2013. New students registering with the College for Spring/Summer term, must enroll no later than 02-07-2014.

Students taking the following courses are not eligible to enroll in the insurance plan: distance learning courses; students solely taking off-campus internet, home study, correspondence, or television courses; courses taken for audit.

Students must be physically and actively attending classes to enroll in the insurance plan. Except for medical withdrawal due to a covered injury or sickness, any insured withdrawing from the College must submit documentation or certification of the medical withdrawal to the Plan Administrator at least 30 days prior to the medical leave of absence from the College, if the medical reason for the absence are foreseeable, or 30 days after the start date of the medical leave of absence from the College. Any student voluntarily withdrawing from the College during the first 31 days after the effective date of coverage shall not be covered under the insurance plan and a full refund of premium will be made minus the cost of any claim benefits paid by us. Students who graduate or withdraw from the College after 31 days, whether involuntarily or voluntarily, will remain covered under the Policy for the term purchased and no refund will be allowed.

The Plan Administrator reserves the right to determine if the student has met the eligibility requirements. If the Plan Administrator later determines the eligibility requirements have not been met, its only obligation is to refund the premium.

COVERAGE FOR DEPENDENTS

Students who enroll in the insurance plan may also enroll their eligible dependents by the enrollment period deadline dates 09-13-2013 or for Spring/Summer term by 02-07-2014. Enrollment forms and premium payments received after this date will only be accepted for dependents of new students and dependents who qualify for late enrollment. Dependents must enroll when the student first enrolls in the insurance plan and must enroll for the same coverage as the student.

ENROLLMENT

All full-time resident students are automatically enrolled in the insurance plan. The premium for student only coverage will be added to the College tuition and fees, unless the student shows evidence of comparable insurance coverage by completing a waiver form and returning it to the Student Account Office by 09-13-2013. A completed waiver form is required at each semester. It is the student’s responsibility to notify the Student Health & Wellness Center in the event existing insurance coverage is terminated and the student requires coverage under the insurance plan.

All full-time and part-time commuter students may enroll in the plan on a voluntary basis by completing a form to request the Student Account Office to add the premium to the College tuition and fees.

To enroll for dependent coverage complete the enrollment form located on the website www.sas-mn.com and return it with the required premium payment to:

Student Assurance Services, Inc.
P.O. Box 196, Stillwater, MN 55082

All Late Enrollment: Students and dependents may enroll after the enrollment period deadline date 09-13-2013 or for Spring/Summer 02-07-2014, only when there is a qualifying event. Refer to page 5-6 for late enrollment requirements. All late enrollment inquiries must be sent to Student Assurance Services, Inc. www.sas-mn.com or call 1-800-328-2739.

ID CARDS

An ID card will be mailed to the student’s address on file approximately 2 weeks after the enrollment form and premium payment are received. Students do not need an ID card to be eligible to receive benefits under the Policy. For lost ID cards, request an ID card from the website www.sas-mn.com.

Student premium includes an administrative fee charged by the College. All premium includes an agent service fee.
Payment of Premium/Due Date: All premium, charges or fees must be paid to Plan Administrator prior to the start of the term for which coverage is selected, or to the College collecting premium payments as agreed upon by the College and Plan Administrator. In no event will coverage become effective prior to the date of enrollment and before required premium is received.

Returned or Dishonored Payment: If a check or credit card payment for the premium is dishonored for insufficient funds, a reasonable service charge may be charged to the insured which will not exceed the maximum specified under state law. A dishonored check or credit card payment shall be considered a failure to pay premium and coverage shall not take effect.

Premium Refund Policy: A prorated refund, less any claims paid, will be issued only for the following situations below. Any refund provided may be subject to a $25 administration fee.
- Students who voluntarily withdraw from the College within the first 31 days following their effective date of coverage; or
- Students who have entered into full-time active duty military service for any country; or
- Students who are non-immigrant foreign nationals who have permanently left the North American Continent for their home country.

LATE ENROLLMENT
Students and dependents may enroll after the enrollment period deadline date only if there is a qualifying event. Qualifying events include involuntary loss of coverage under another insurance plan, marriage, birth of child, adoption of a child, or a step and foster child acquired after the insured’s effective date. The insured must notify the Plan Administrator immediately when eligible for late enrollment. Coverage is effective upon enrollment and receipt of premium.

Involuntary Loss of Coverage: If the insured chose not to enroll in the insurance plan when first eligible as a result of coverage under another insurance plan, the insured may enroll if the Plan Administrator is notified in writing and the enrollment and premium are received no later than 31 days after the involuntary loss of coverage under the other insurance plan. This does not apply if the other insurance plan was voluntarily terminated.

Newborn Children: An insured’s newborn child is automatically covered from the moment of birth until the child is 31 days old. Coverage for the child will be for sickness and injury, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care. However, the insured must notify the Plan Administrator in writing within 31 days of the birth date and pay the required additional premium, if any, in order to have coverage for the newborn child continue beyond such 31 day period.

Step-Child: Coverage for a step-child is effective on the date the insured marries the child’s parent. However, the insured must notify the Plan Administrator in writing within 31 days of the marriage and pay the required additional premium, if any, in order to have coverage for the child continue beyond such 31 day period.

Foster Child: Coverage for a foster child is effective upon the date of placement with the insured. Coverage will continue unless the placement is disrupted and the child is removed from placement. However, the insured must notify the Plan Administrator in writing within 31 days of such placement and pay the required additional premium, if any, in order to have coverage for the foster child continue beyond the 31 day period.

Adopted Child: Coverage for an adopted child is effective upon the earlier of the date of placement for the purpose of adoption or the date of the entry of an order granting the adoptive parent custody of the child for purposes of adoption. Coverage for such child will be for sickness and injury, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care. Coverage will continue unless the placement is disrupted prior to legal adoption and the child is removed from placement. However, the insured must notify the Plan Administrator in writing within 31 days of the adoption and pay the required additional premium, if any, in order to have coverage for the adopted child continue beyond the 31 day period.

Dependent Spouse: A dependent spouse is eligible for coverage on the date of marriage to the insured. However, the insured must notify the Plan Administrator in writing no later than 31 days from the date of marriage and pay the required additional premium.
Domestic/Civil Union Partner: A Domestic/civil union partner is eligible for coverage on the date the domestic/civil union partnership begins. Enrollment and premium must be received no later than 31 days from the date the domestic/civil union partnership begins. Refer to the Definition section in this brochure for the eligibility criteria for a domestic/civil union partner.

EFFECTIVE AND TERMINATION DATES OF COVERAGE
Coverage becomes effective on the later of the following dates:
- The Master Policy effective date August 25, 2013, at 12:01 a.m.,
- The first day of the term for which the proper premium is paid;
- 12:01 a.m. following the date the proper premium is received by the College or Plan Administrator.

Dependent coverage under the Policy becomes effective on the same date as the insured student for which the proper dependent premium payment is received. Coverage will not be effective prior to that of the insured student.

Coverage will terminate on the earliest of the following dates:
- the Master Policy termination date August 24, 2014, at 11:59 p.m.;
- the last day of the term of coverage for which the proper premium is paid;
- the date a foreign national permanently departs for their home country;
- the date the insured enters into full time active military service;
- the date the premium for insurance coverage is due and unpaid.

Dependent coverage will not extend beyond the student’s termination date of coverage.

Coverage will continue for a handicapped dependent child who is not capable of self-support due to a mental retardation or physical handicap if:
1. The dependent child became incapacitated prior to the age at which coverage would otherwise have terminated;
2. The dependent child is primarily dependent on the student for support and maintenance;
3. Proof of such incapacity and dependence is given to the Plan Administrator by the attending physician within 31 days of the date the dependent child reaches the limiting age. Proof must also be given annually thereafter. Failure to provide such proof within 31 days of the request will result in the termination of the dependent child’s coverage under the Policy. Coverage will continue as long as the dependent child continues to satisfy the requirements above, unless coverage is otherwise terminated in accordance with the terms of the Policy.

IMPORTANT: Coverage is not automatically renewed. Students are responsible for keeping the Policy in force.

Extension of Benefits
The coverage provided under the Policy ceases on the insured’s termination date, except for the following situation:

- The insured is hospital confined on the termination date from a covered injury or sickness for which benefits were paid before the termination date. The covered expenses for the injury or sickness will continue to be paid for a period of 12 months or until date of discharge, whichever is earlier.
- Pregnant, and such pregnancy commenced while the covered person was insured under the Policy, covered expenses for such pregnancy will continue to be paid until the mother is discharged from the hospital following childbirth.

Note: The total payments made for the covered expenses for the medical condition both before and after the termination date will never exceed the Policy maximum benefit. After the extension of benefits provision has been exhausted, all benefits cease to exist and under no circumstances will further benefits be paid.

EXPLANATION OF BENEFITS

BENEFIT PAYMENTS
Benefits are payable only for covered expenses incurred during the policy period. No benefits are payable for covered expenses incurred prior to or after the insured’s effective or termination dates respectively. Covered expenses are payable at the in-network insurer percentage for the preferred allowance or the out-of-network insurer percentage for the provider reasonable and customary charges. Benefits will be payable for each covered injury or sickness up to the policy year maximum. In addition to the policy maximum benefit, the Policy may contain benefit-level maximums for a covered expense, as outlined in the Schedule of Benefits. The insured is responsible for the deductible, copay, coinsurance and the balance of expenses not paid by the Policy.

PRECERTIFICATION AND REFERRALS
This insurance plan does not require pre-certification or referrals for emergency services, to obtain access to providers specializing in obstetrics or gynecology, or any covered service prior to the date the service is performed. Covered services will be evaluated for benefits when the claim is submitted to the Plan Administrator for payment. A verbal explanation of benefits does not guarantee payment of claims.

PAYMENT DEFINITIONS
Covered services payable under the Policy, are subject to the following payment provisions as described below.

Coinsurance is the insured’s share of the costs, calculated as a percentage, after the Policy pays the insurer percentage.

Copay is the fixed dollar amount the insured must pay for specified covered expenses, each time the covered service is received. The prescription drug copay is not paid at the pharmacy, but rather is subtracted from benefits when a claim is submitted by the insured for payment.

Deductible is the amount subtracted from covered expenses before benefits are considered. Each insured person or family must satisfy the deductible. A deductible may be required for each injury or sickness, once per policy period, or each time the covered service is received.

Insurer Percentage is the percentage of covered expenses the Policy pays, after the deductible or copay is satisfied. Refer to the Schedule of Benefits for the amount.

Policy Maximum Benefit: The maximum amount of benefits the Policy will pay for all covered conditions (injury and sickness) each policy year for each covered person. This amount is shown in the Schedule of Benefits.

MEDICAL NECESSITY and MEDICAL APPROPRIATENESS DETERMINATION
The Company reserves the right to review claims and establish standards and criteria to determine if a covered service is medically necessary and/or medically appropriate. Benefits will be denied by the Company for covered services that are not medically necessary and/or medically appropriate. In the event of such a denial, the insured will be liable for the entire amount billed by that provider. The insured has the right to appeal any adverse decision as outlined in the Appeals and Complaint section of this brochure.

Covered Services are medically necessary if they are:
- Required to meet the health care needs of the insured; and
- Consistent (in scope, duration, intensity and frequency of treatment) with current scientifically based guidelines of national medical or research organizations or governmental agencies; and
- Consistent with the diagnosis of the condition; and
- Required for reasons other than the comfort or convenience of the insured or provider; and
