Business Verification Form

Student: ____________________________  SS#: __________________

If a business has 100 or fewer employees, its net worth should **not** be reported on the FAFSA. Since your FAFSA includes a business net worth or your/your parent(s) federal income tax return includes business income, we are requesting the information below to assist us with determining if the net worth of the business should be reported.

**STEP 1:**
Check A or B:

A) ____ The business employs 100 or fewer employees (skip to step 3)

B) ____ The business employs more than 100 employees (complete step 2)

**STEP 2:** Indicate the present market value of your and/or your parents business and what is owed on it.

Market value $___________________  Debt $___________________

If the market value is zero or the debt is greater than the market value, please explain on the back of this form. Once completed, proceed to step 3.

**STEP 3**
