

Preliminary 2017 Strategic Plan Goals and Objectives

Goal 1 – To increase the prominence of FSC as a center of technological innovation

Objective 1 – Provide a pathway for faculty and graduates of FSC to contribute to new industries and/or research, commercialize developed technology and new enterprise development

Objective 2 – Continue to expand applied learning initiatives to encourage collaborations among students, faculty, local business and the community

Objective 3 - Support opportunities for professional growth and development, faculty research, dissemination of research findings, technology licensing and transfer of technology

Goal 2 - Create an atmosphere to provide a broad academic foundation and promote lifelong learning

Objective 1 - Develop technical & non-technical programs to expand the skill sets and enable graduates to be successful within the globalized economy

Objective 2 - Develop undergraduate and graduate programs in both traditional and emerging fields to support the needs of the region

Objective 3 - Develop meaningful student experiences and sustain life-long learning

Goal 3 - Strengthen relationships with the Long Island community and surrounding areas by enhancing student activities and service beyond the classroom.

Objective 1 - Develop and enhance community/industry partnerships in ways that support applied learning and student success

Objective 2 - Collaborate with industry to enhance and improve future curricula, programs, and services

Objective 3 - Engage in public outreach activities highlighting our research and educational strengths to community/industry/alumni

Objective 4 - Enhance the sustainability of FSC by producing qualified professionals prepared to enhance the community, local businesses and industries in the area

Objective 5 – Continue to develop and support scholarly lectures, artistic and cultural programs for the campus and surrounding community

Goal 4 – Generate external resources to support the advancement of the college

Objective 1 – Develop fundraising activities through local Long Island community and industry partners to support faculty development and student activities

Objective 2 – Continue to engage in alumni fundraising to support student activities, expand learning initiatives and technological innovations

Mission of Farmingdale State College

Farmingdale State College is a premier SUNY college of applied and experiential learning that is committed to **Fellowship, Applied Learning, Research, Mentorship, Innovation, Networking, Global Citizenship, Diversity, Affordability, Leadership, and Excellence.**

Farmingdale State College offers undergraduate and graduate programs to academically qualified students which support their educational aspirations. These programs meet the needs of employers, and promote the economic, social and cultural development of Long Island and beyond. At Farmingdale, students, faculty, and staff form a diverse community dedicated to excellence in learning, scholarship, research and service with a commitment to sustainability.

We are **FARMINGDALE!**
