II. ADMISSIONS

Admission of NEW First Time Undergraduate Non-Matriculated students: If you have never attended Farmingdale and now seek permission to register for classes in the College as a Non-Matriculated student, you must first complete a simple on-line application on the Admissions section of the Farmingdale Web site: https://www.farmingdale.edu/admissions/non-matric-student-app.shtml

Undergraduate Students: Fill out the “Undergraduate Non-Matriculated Student Application” and pay the $50 application fee: https://www.farmingdale.edu/admissions/non-matric_application/index.shtml

Graduate Students: Fill out the “Graduate Non-Matriculated Application” and pay the $75 application fee: https://www.farmingdale.edu/admissions/graduate_non_matric_form.shtml

Once you have submitted the application, the Admissions Office will create a Ram ID number for you, as well as a Non-Matriculated student record.

Your application will not be processed until you pay the application fee. Please allow 7-10 business days for the Admissions Office to notify you via email on how you should proceed to register for courses.

Recent Farmingdale Graduates (Alumni): If you have graduated from Farmingdale State College in the last 5 years, please complete the Non-Matriculated Re-Admit Form. https://www.farmingdale.edu/admissions/admissions-non-matric_readmit_form/index.shtml
Farmingdale State College graduates will automatically receive Non-Matriculated status upon graduation, but need to complete this form in order to register for classes. Priority registration dates are given to Non-Matriculated students who have graduated from Farmingdale State College within the past five years and the application fee is waived.

**Continuing Undergraduate Students:** Students who have taken classes within the last 12 months do not need to complete an application. Please visit the [Registrar's website](https://www.farmingdale.edu/admissions/non-matric_application/index.shtml) for registration information.

Students who have not taken classes within the last 12 months, must complete the Undergraduate Non-Matriculated Application and pay the $50 application fee: [https://www.farmingdale.edu/admissions/non-matric_application/index.shtml](https://www.farmingdale.edu/admissions/non-matric_application/index.shtml)

Non-Matriculated Applications for new students, or non-matriculated students who have not taken courses in the last 12 months at Farmingdale, will open on the Admissions webpage as follows:

- June 1st for Fall classes
- Early September for Winter session classes
- November 1st for Spring classes
- Early February for Summer session classes

### III. REGISTRATION

**General Registration Information:** Fall and Winter registration for currently registered Non-Matriculated Students will take place beginning in **early August**. Spring and summer registration will begin in **early January**.

Non-Matriculated students can use OASIS (the Online Administrative Student Information System) to find and register for courses. After you have received your Ram ID number, you can log onto OASIS at: [https://oasis.farmingdale.edu](https://oasis.farmingdale.edu).

Follow the directions carefully – once you have logged into OASIS, you can maneuver through and register for courses. Non-Matriculated students are not required to enter a PIN (personal ID number) when registering via OASIS.

- As you browse through listings in the online course schedule, you’ll notice that many courses have multiple sections. Sections are versions of the course that meet on different days and times.

- Each section has a unique five-digit number called a Course Reference Number (CRN). This is a critical number to know—you must have it to register for a course. As you choose courses, keep track of the CRNs for the sections that you want.

Alternatively, Non-Matriculated students can complete their registration in person on a form available at the Registrar’s Office or electronically on the Registrar’s Office webpage.
Registering for courses for which completion of a prerequisite course is required:
If you are a Non-Matriculated student looking to take a course that requires a pre-requisite, please submit an official or verifiable copy of your transcript from another institution to the Admissions Office prior to registration. To expedite the process, you can also upload copies of your transcripts when you fill out the online registration form.

Please note: if a class you are looking to enroll in requires a pre-requisite, you must come to the Registrar’s Office in person to register or complete the online registration form found on the Registrar’s webpage. These courses cannot be registered through OASIS on-line system. Once the pre-requisite course is verified, the Registrar’s Office will complete your registration. The Academic Advisors in the Academic Advisement and Information Center (AAIC) are also available for appointments in the case that students have difficulty completing this process.

If you are a Farmingdale State College graduate, no transcripts are required for proof of the pre-requisite provided that such proof appears on your Farmingdale transcript.

Maximum credits allowed in any single semester or term:

Undergraduate Student: Non-Matriculated students are limited to 5 courses (including associated labs) for a maximum of 16 credits per semester. Students seeking to take more than 16 credits must meet with an Academic Advisor in the AAIC and apply for permission to do so (see “Advisement” below).

Farmingdale State College limits its winter intersession registration (January) to 4 credits per student. For summer sessions, students may not register for more than 7 credits in either Session A or Session B. The maximum number of credits for which a student may register during the combined terms of the entire summer session is 14. Exceptions to these credit limits are few. Non-Matriculated students wishing to exceed these credit limits for winter or summer sessions must obtain prior approval and should see an Academic Advisor in the AAIC.

Graduate Students: Graduate non-matriculated students are limited to 2 courses for a maximum of 6 credits per semester.

Maximum total number of credits that a Non-Matriculated student is permitted to take at Farmingdale:

Undergraduate Students: The maximum number of credits a Non-Matriculated student may take at Farmingdale is 32 credits. Students that have accumulated 32 or more credits are advised to schedule an appointment with an Admissions Counselor to discuss options for gaining matriculated student status and potential educational outcomes. Students who would like to continue enrollment as a non-matriculated student for specific purposes must petition the Provost’s Office for permission to do so. Students seeking such permission should begin by meeting with an Academic Advisor at the AAIC to complete an appeal entitled “Request to Remain in Non-Matriculated Student Status beyond 32 Credits” (see “Advisement” below).

Graduate Students: The maximum number of credits a Non-Matriculated graduate student may take at Farmingdale is 6 credits. After accumulating 6 credits, the Non-Matriculated graduate
student must discuss the advisability of completing a degree at Farmingdale with the Graduate Program Coordinator.
