Pathway to Excellence in

DENTAL HYGIENE ADMISSIONS & PROGRAM INFORMATION

Associate in Applied Science in Dental Hygiene Program
Bachelor of Science in Dental Hygiene Entry Level Program
Bachelor of Science in Dental Hygiene Degree Completion Program

Farmingdale State College
REIMAGINE WHAT'S POSSIBLE

The Dental Hygiene department recognizes the important relationship between oral health and overall wellness. A bright, healthy smile depends on good oral hygiene. Dental hygiene is the study of preventative oral healthcare, and we educate our students on how to keep the mouth, teeth, and gums clean and healthy to prevent disease.

Associate in Applied Science
in Dental Hygiene Program
Fall Semester Only | Transfer Only

APPLICATION DEADLINE
January 15/Supporting documents due February 1
All prerequisite courses should be completed by the priority deadline.

Admission Requirements¹

- ☐ Cumulative GPA of 3.0
- ☐ 2 College Math (if you do not have B/B+ or higher in math from HS)
- ☐ BIO 120/120L General Biology or BIO 123/123L: Human Body in Health and Disease (if you do not have B/B+ and above in Biology or Living Environment with lab from HS)
- ☐ CHM 124/124L: Principles of Chemistry (if you do not have B/B+ and above in Chemistry with lab from HS)
- ☐ EGL 101: Composition 1 – College Writing
- ☐ BIO 166: Anatomy and Physiology (taken within the last 7 years - many colleges do not offer this specific Anatomy and Physiology course, and applicants must take Anatomy and Physiology 1 & 2 to satisfy the requirement)
- ☐ ESL/International Students: a TOEFL (Test of English as a Foreign Language) with a minimum score of 79 (internet-based exam) will be required for applicants who have had ESL courses in high school or college and applicants with secondary credentials from countries whose language of instruction was not English

For a list of transfer course equivalencies by school, visit farmingdale.edu/transfer-equivalencies.

Please Note

- Repeat attempts of courses will be averaged together
- Students who attempt a prerequisite course more than two times will not be considered for admission

¹ Please note: all the above classes should be completed with grades of “B” or better. Meeting minimum criteria for admission does not guarantee an acceptance to the program. Applications are academically ranked for limited seats. The college reserves the right to make final decisions based upon the applicant pool each year.

Dental Hygiene
Care Center

The Dental Hygiene Care Center is a state-of-the-art facility located on the FSC campus. Future dental hygienists receive training in the facility consisting of 35 dental units and a seven-room radiology suite. The facility provides services to the public using currently accepted dental hygiene procedures to provide optimum care for each patient. The Radiology Department utilizes up-to-date technology in all radiologic procedures, including routine radiographs, panoramic and digital radiography. To schedule an appointment, call **934-420-2128**.

The Dental Hygiene Care Center services include:

- Complete Medical History
- Oral Cancer Screening
- Blood Pressure Screening
- Home Care Instruction
- Dental Nutritional Counseling
- Non-Surgical Periodontal Therapy
- Scaling, including quadrant scaling
- Periodontal Screening
- Root Planing
- Selective Polishing
- Fluoride Treatment
- Periodontal Maintenance Therapy
- Pit and Fissure Sealant Application
- Radiographs/Digital Radiography
- Tooth Whitening

The opening of the new **Henry Schein Cares Sensory Unit** at FSC represents a significant step forward in providing inclusive dental care and training for future.
