Can You Spot the Difference?

The Site Infrastructure Phase 4 project (FSC Project No. 2023-05) is well underway, bringing much-needed improvements to the heart of our campus.

This initiative focuses on rehabilitating interior campus grounds, including new exterior signage, landscaping enhancements, tree removal, and essential maintenance of sidewalks and roadways.

These upgrades aim to improve both the functionality and aesthetics of our shared spaces.

Welcome aboard Ram-Bo's Renovations!

We're excited to introduce Ram-Bo's Renovations, a quarterly newsletter designed to be a hub for key updates, project highlights, and essential information.

In each edition, you'll find updates on current and upcoming projects, funding insights, success stories, and helpful tips, and more.

Stay tuned for our next quarter, and thank you for being part of the transformation.

Capital Projects & Construction: (934) 420-5327

Facilities Operations : (934) 420-2017

Spring Ahead: 1st Floor Laffin

This project will update 10,000 square feet with new landscaping and glass entry canopies, along with a refreshed lobby, reception area, tour room, conference room, and lounge. Key improvements include structural upgrades and modern systems for safety and efficiency. Stay tuned for updates on our progress!

**Laffin Hall Welcome Center
(FSC Project No. 0223-07)**

Completed Projects:

Facilities Operations have been diligently working for the past six months! They have completed upgrades such as the Dental Hygiene Sensory Room, Gleeson 109, President Prezant's Research Lab, Gleeson 350, the full painting of Knapp's second floor, and ADA upgrades throughout campus. WOW!

Upcoming Events:

In Q2, we will be working on Orchard Hall, getting a fresh coat of paint, and upgrading ADA entryways around campus.

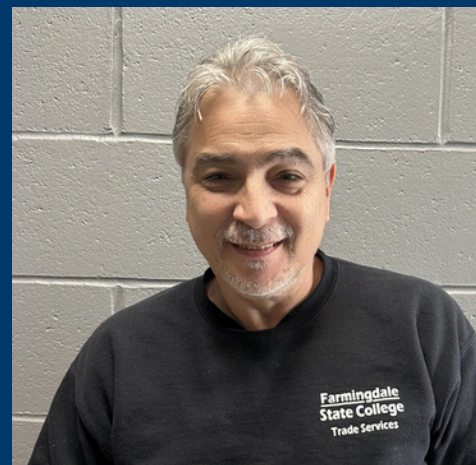

Celebrate Earth Week with us April 21-25! Sustainability is a top priority for FSC - and Earth Week is our time to shine green! Join us in our week-long celebration.

Hammer Time Highlight

Crew in the Spotlight

This quarter's team member spotlight is on Jose Cruz!

Jose has served as the Manager of Trade Services in Facilities Operations for three years. He is a selfless employee who is always the first to help a coworker in need. With the completion of the President's Research Lab, Dental Hygiene Sensory Room, and Whitman Basement, Jose's work ethic and dedication to his job are exceptional.

Keep it up, Jose!!

Let's build something great together!

Fun Facts with Ram-Bo

In 2024:

Facilities closed out over
6,000

Work Order requests

In Q1 of 2025:

Facilities closed out
1,266

Work Order requests

The Info Hub

Capital Projects & Construction:

Do you have a project you would like to see done on campus?

Visit the Capital Projects and Construction webpage at
farmingdale.edu/capital-projects-and-construction/index.shtml

Create and complete a Project Request Form on etrieve.
Follow up with your Dean, Department Head, or Director to
finalize the request and submit approval for further review.

Please review our Project Initiation Policy before submitting

Facilities Operations:

How to find and fill out a Work Order?

1) In the search bar, type in
workorder.farmingdale.edu

OR

Visit the Facilities Operations webpage at
farmingdale.edu/facilities-operations/

2) Select 'Request' at the top left corner

3) Click '+New' under requests

4) Fill out the information accordingly in full
detail with location and issue

5) Click 'Add Request' once completed

6) Please check your FSC email for updates,
confirmations, and completion of Work Orders.

Lower Level Whitman

Get ready for an incredible transformation!
Whitman's basement underwent a
complete renovation with brand-new glossy
flooring, upgraded electricity, revamped
plumbing, and so much more!

As we prepare this exciting new space, our
goal is to create the ultimate office-friendly
environment tailored just for our amazing
faculty and staff.

Temporary Office Spacing

Are you smarter than a freshman?

Q: What is the max output wattage
in a dorm room?

A: 110W
