

Change of Catalog Year Request Form - Major

Complete this form if any of the following apply:

1. Your curriculum department has changed or updated program requirements, and you are requesting to follow the **newly implemented** requirements.
2. You have been absent from the college for one year or more and are being readmitted under the catalog year in effect at the time of your return but wish to follow the requirements from the catalog year in which you were originally admitted.

Important:

This form cannot be used to change the catalog year for a curriculum program you are newly admitted into or wish to change into. If you have changed your curriculum program, you are required to follow the catalog year corresponding to the academic year in which the change was made.

Please note: You must consult with an advisor before committing to this change. You should complete a “What-If” analysis in Degree Works and compare the results to your current program requirements. Once this form has been processed, your new requirements will be reflected in Degree Works, and a “What-If” analysis will no longer be necessary. Please note that once your catalog year has been changed, **you are required** to fulfill all requirements outlined in the College Catalog for the year in which the change is made. Your academic progress will be evaluated based on these new requirements. This decision is final and cannot be reversed.
