

## **WRISE Capital Region & Greater NYC Present:**

### ***New York Offshore Wind: Meet the Women Driving the Next Generation of Renewable Energy***

Offshore wind represents a cornerstone of New York's ambitious and comprehensive climate and clean energy legislation, the Climate Leadership and Community Protection Act. A new and dynamic industry in the United States, New York is working with its diverse stakeholders to responsibly develop 9,000 MW of offshore wind power by 2035, enough to power up to 6 million homes.

Join us on Wednesday, May 27<sup>th</sup> at 12 pm ET as we discuss New York's nation-leading offshore wind market and the women who are driving the next generation of renewable energy.
