

SUMMER FINANCIAL AID PROCESS

Federal and State Financial Aid is available to students who will be enrolled in a matriculated program at Farmingdale State College during the Summer term. Student must be enrolled in at least six credits to receive student loans or College Work-Study. **Only courses that apply toward the current program can count toward your enrolled credits.**

**IF YOUR ENROLLMENT STATUS CHANGES DURING THE SUMMER SESSION(S)
YOU MUST CONTACT FINANCIAL AID AS THIS MAY CHANGE YOUR AID
ELIGIBILITY.**

Withdrawing from all courses within a summer session:

Federal Aid funds are awarded under the assumption that you will attend school for the entire period for which you have received federal financial aid. If you withdraw, you **may** no longer be eligible for the entire amount of federal aid you were originally offered and received. A calculation is required to determine the percentage of aid you are eligible to maintain. Some of the funds you received may need to be returned to the federal government because you are no longer eligible for them. This calculation is known as a **“Return of Title IV (Federal Aid) calculation.”**

You are considered to have withdrawn from summer and may be subject to a Return of Title IV (Federal Aid) calculation and **owe a balance to the College** if:

- After beginning attendance you cease to attend or you fail to begin a course you are scheduled to attend, **and**
- When you ceased to attend or failed to begin attendance in a course you are scheduled to attend, you were not enrolled in any other courses, **and**
- You did not confirm, **in writing**, attendance in another course in a session beginning later in the summer term.

If the first two statements are true and you do not wish to be considered withdrawn from summer and subject to a Return of Title IV calculation, you must complete and submit the **Intent to Return Form** to the Office of Financial Aid at the time of withdrawal. **If you fail to begin the later course, you will be considered withdrawn as of the original /initial withdrawal date and subject to a Return of Title IV calculation and may owe a balance to the College.**
